Dear Sir,

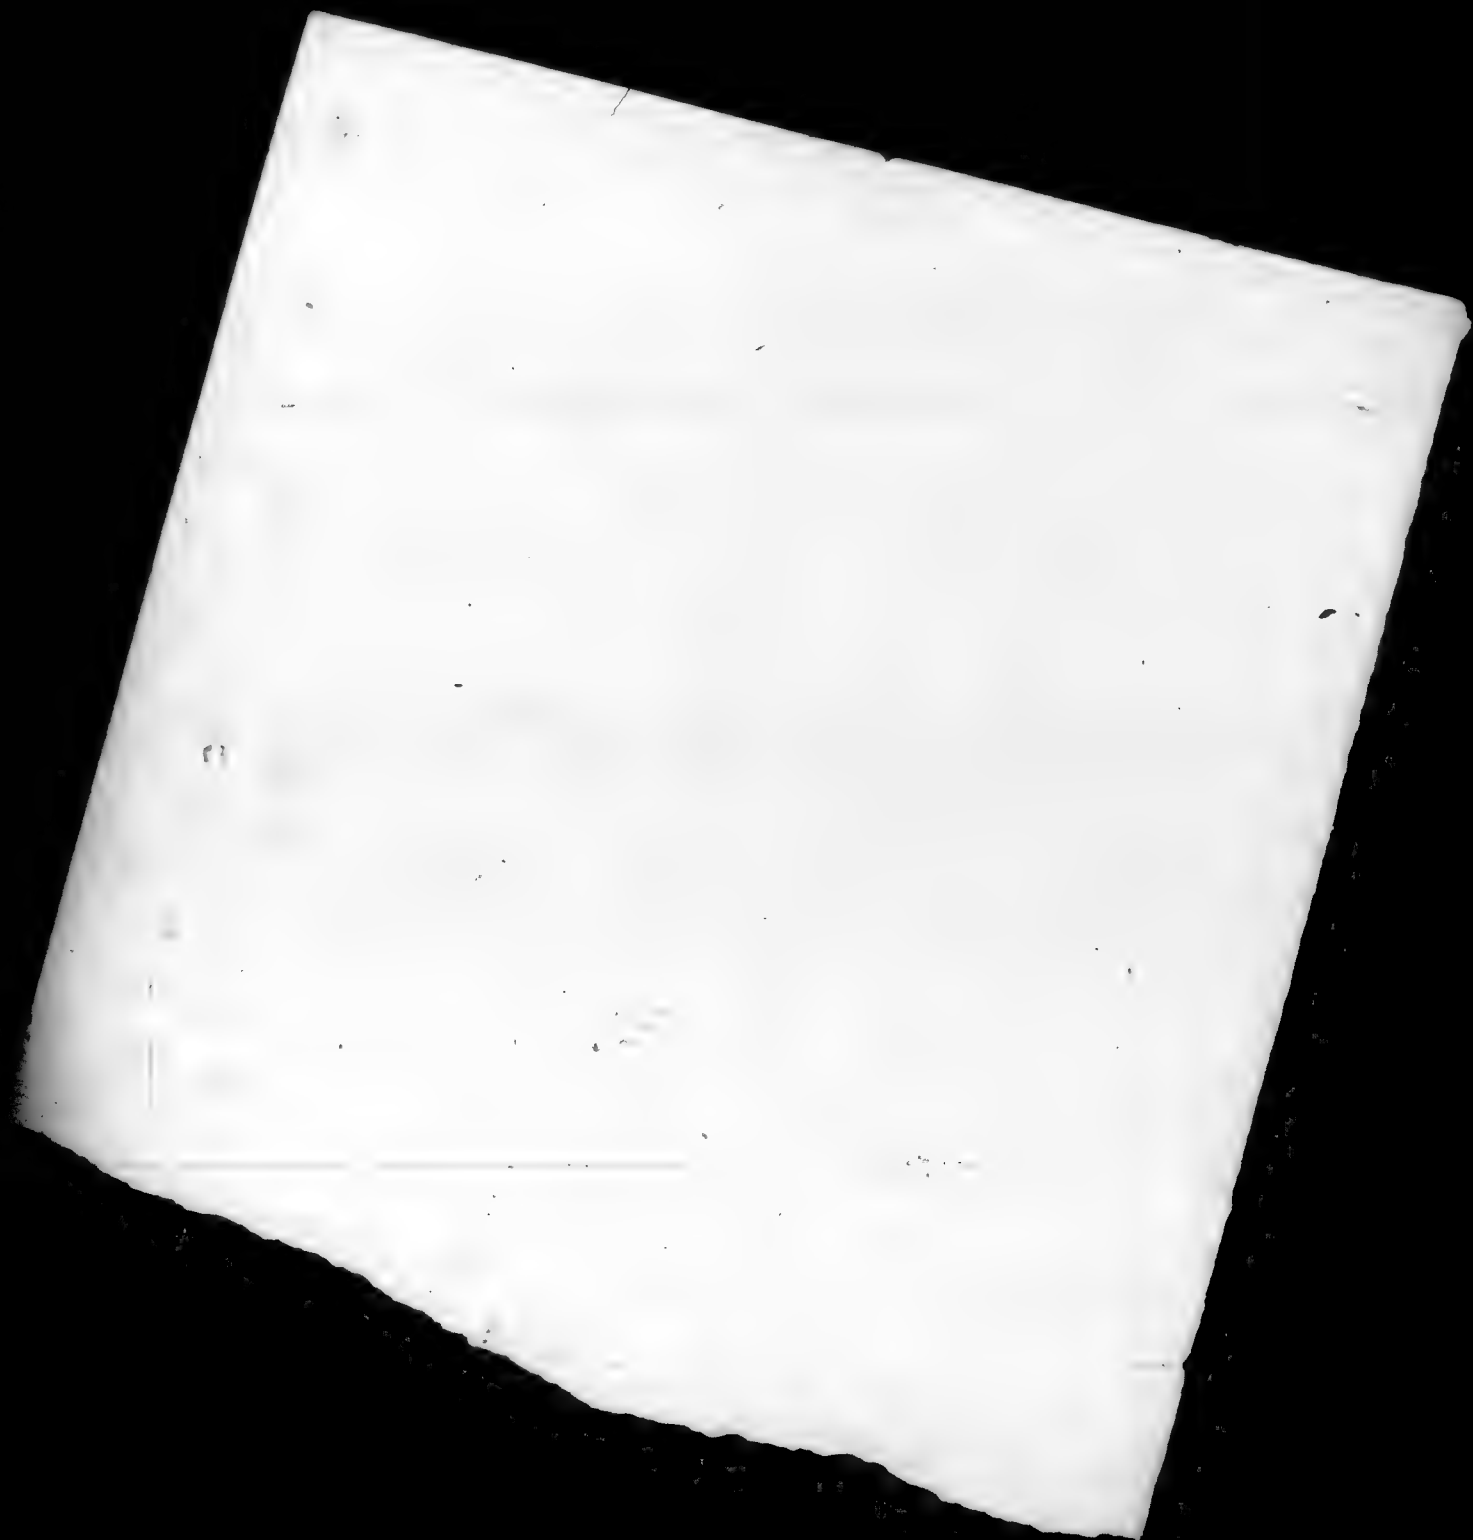

I learned on yesterday,
that Capt. Robert C. Slaughter of the cap-
tured since will be transferred to the other
side of the river river. I am very glad
we are going to have so good an officer
over there. I know Capt. S. very well, &
I have known him for a long while. He was
kind and very devoted in Arkansas, and
I believe, he explains that as his home
yet. I know him to be a fine man and
accomplished in his calling, is all his
argumentation in Ark? how true. If there
is any possible above, please, I am to hope,
that you will have him promoted. He
deserves it. By so doing you will confer
a benefit on the hands of the cause, and
please me more obligated to you.

Dear Sir

What do you think would
be the chances of my getting a position as
Assistant Engineer in the Army, judging from
your knowledge of the wants of that branch of
the Service. I would only desire temporary employ-
ment during the summer or from May to Sep-
tember or October. My duties as Local Eng. will
end about first of April or May and will not
be resumed until Fall. I do not wish to resign
my office here unless I could procure a better
position in the Army than I have a right to
expect. but would like such a place as would
give me the opportunity of rendering my Country
some Service and at the same time improve
myself professionally. I will be glad to hear from
you, at our earliest convenience. Your friends are
well and all are ready and anxious to support
you again for Congress.

WAR DEPARTMENT,

Richmond, Va. April 15 1862

Sir

Permit me to call your attention to the application of my nephew, W. A. C. Slaughter, for position in your Corps of Engineers.

Mr Slaughter writes that he is at present engaged on the Blue M & Rome Rail Road, operations on which are about to cease for the want of labor. A large number of negroes have died of malarial and other diseases, which has created a panic among the planters, and they are rapidly withdrawing their negroes from the work. Independently of this consideration, my nephew is extremely anxious to be connected with the Army in the capacity of an Engineer with great respect,

Enclosed is a letter
 from [illegible] to the [illegible] of this County
 recommending me for an appoint-
 ment in the [illegible] department
 of the [illegible] being [illegible]
 a native of Virginia and have had eight
 years experience as an Engineer. The
 fact that of which have been
 a part in the [illegible] of this County
 I do not wish to give [illegible]
 up entirely, which is of vital im-
 portance to the agricultural in-
 terests of this Section of the State.
 But between the months of
 April and November my ser-
 vices are not required here and
 I would like to devote that time
 to doing all in my power for the

Success of the same would be
for a situation in Middle
New & there where I could have
an opportunity of learning
as much as possible from the
Officers in charge of these im-
portant positions as well as
understanding all the business in
my power to my hands. I have
written Mr. Garland on the same
subject. He is well acquainted
with me. I would like you
to my schoolmate friend
R. H. Catlett (who has a commission
in Richmond under the name
or.) for information as to my
qualifications &c. Probably, he
would be well to me to go to his
mind if he is kind enough to
give me your views on the subject.
 Hoping soon to have the pleasure
of your acquaintance. I am, dear
myself, my dear. R. H. Catlett.

Sir -

I am informed that R. O. Langhorne
is an applicant for a position in the Engineer
Corps. I have examined his papers.
Langhorne was employed by me in
the capacity of assistant engineer, in several
years and discharged his duties with
entire satisfaction. He is entirely qualified
by education and habits to fill the position
of Captain in the Engineer Corps.

Very respectfully

Sir

I have made through Gen. Staughton
of Middle an application for the position of Captain in the
Engineer Corps of the Confederate Army. The papers based upon
proper Testimonials have been forwarded to Adjutant General
Cooper at Richmond and may need the assistance of
some friend to cause them proper attention, will you
do me the kindness to see that they are placed in the proper
Channel. A letter from Mr. Chapman written in January inform
me that the Enemy had not disturbed him, but that he
felt like a condemned Criminal upon whom sentence
had not been passed.

He had moved the most of his negroes to Texas. The enemy
had burned Gaines' & Ashton Landing. Eunice, and a
number of Ben Armas, & quarters on the river. From all
accounts Phil Matthews in the Trans. Mfg. Department
must have been badly managed. I read with great inter-
est your remarks in Congress on the subject of "Slave
Laws. And I think your views entitled to the approbation
of all sensible & law abiding men. You may find this
article you look when you leave for Arkansas. There will be
promises of staying from Rome to this place & thence a Rail
way to Washington.

Very truly your friend

THE SOUTHERN TELEGRAPH COMPANIES.

Terms and Conditions on which Messages are Received by these Companies for Transmission.

The public are notified that in order to guard against mistakes in the transmission of messages, every message of importance ought to be repeated by being sent back from the station at which it is to be received to the station from which it is originally sent. Half the usual price for transmission will be charged for repeating the message, and while these Companies will as heretofore use every precaution to insure correctness, they will not be responsible for mistakes or delays in the transmission or delivery of repeated messages beyond five hundred times the amount paid for sending the message, nor will they be responsible for mistakes or delays in the transmission of un-repeated messages, from whatever cause they may arise, nor the delay arising from interruptions in the workings of their Telegraphs, nor for any mistake or omissions of any other Company over whose lines a message is to be sent to reach the place of destination. All messages will hereafter be received by these Companies for transmission subject to the above conditions.

Lieutenant:

In obedience to instructions from the Brig. Genl. commanding the District of Texas, &c., I have the honor to inform you that the new Rifle Gun lately made by the Depot is now mounted at Pelican Spit and ready for use. After mounting the gun I caused it to be fired with an eight pound charge of powder and an elevation of fourteen degrees at a target 500 yards distant - the shell striking a little to the right but fully reaching it.

1st. The first thing I noticed
 when I stepped out of the car
 was the smell of the sea. It was
 a salty, bracing scent that
 filled my lungs. I had never
 smelled anything like it before.
 The air was crisp and clean,
 a stark contrast to the stale
 air of the city. I took a deep
 breath, savoring the moment.
 The sun was shining brightly,
 and the water was a brilliant
 blue. I felt a sense of peace
 and tranquility that I had never
 experienced before. It was
 like a weight had been lifted
 off my shoulders. I had found
 a new world, a new way of
 living. I was free.

I have known him from his boyhood
as he is a native of Mississippi. He has
made engineering his special study
having been for the last ten years en-
gaged on the Mississippi & Ohio R. Road
He is a young gentleman of well con-
sidered mind & character & fine standing
when known, and is ready to stand
any examination as to his capabilities
in his special department.

I can recommend him heartily in

I have the honor to ask your favorable consideration of the application of Capt. A. M. Williams, for appointment in the engineer corps, P. A. C. S. I know Capt. W. well, and believe him capable and deserving. He was appointed to be Captain of engineers by Maj. Gen. Hindman in the Trans-Mississippi, and served in that capacity faithfully and to the advantage of the service, till the capture of the Arkansas Post, of which garrison he formed part. He has several times been in hot places and has uniformly borne himself with distinguished gallantry. He has the confidence of all who know him.

Sir

I have been engaged as a Assistant Engineer in the Service of the Confederate States for two years, and have given entire satisfaction to the Officers of the regular Corps, to whom I have reported. I first entered the Service in Gen Polks Army and was engaged on the defense of Columbus Ky. On the evacuation of that place was ordered to Corinth and while there I rendered some service to the government. On the 27th of May was ordered by Gen Beauregard to report to Maj Gen J. S. Hindman and of the Mississippi River. When he assumed command of that department he nominated me for a Captaincy of Engineers and assigned me to duty as such. Subsequently, Lieut Gen Holmes approved the nomination and as I understood, forwarded it to Richmond for confirmation. Up to the time of the capture of Arkansas Post of which garrison I formed a part I was continually employed as an Engineer. An experience of eight years before the commencement of the war as a Civil Engineer. The services I have rendered the government and some knowledge of Military Engineering stimulate me to respectfully ask of the Government a commission as Capt of Engineers in the P. S. A. and if the interest of the Service

The undersigned
members of Congress from the State of Mississippi
respectfully recommend that A. M. Williams
Apt Military Engineer, be appointed to a Captaincy
of Engineers; and if the interests of the Service will
admit, that he be given the command of one of
the Engineer Companies to be organized under
the late Act of Congress.

Mr Williams has been in active service in the
Engineer Department from the beginning of the
war. He has been in several battles; has
been wounded and was taken prisoner at

Capt. & Rank Wheeler

Asst. Surg. Gen.

Staff of Lt. Gen. Polk

Captain

{ Mr. Geo. H. Allen has just shown me a letter from you in relation to his appointment to a Lieutenancy in Company of Sappers and Miners - I desire to add to your recommendation my own testimony to his ability, fitness and thorough qualification for the position. The opportunities possessed by Mr. Allen, before the war, for becoming skilled in the performance of duties required of Sappers and Miners, were such as were possessed by few men in our Service. For some years he was a Civil Engineer by profession, and connected with the location and construction of different lines of Railroad in Middle Tennessee. Afterwards, as Draftsman and Agent of Marshall Co. he became thoroughly acquainted with the theory and practice of Bridge Building - In this respect he has the advantage of many very eminent Engineers in our Service. You are aware that Mr. Allen has been in the Service since the beginning of the war - on the first day another he has been detached from his Company and on duty with me as Asst. Surg. and Draftsman. In this Capacity I have found his services invaluable.

Mr. Allen has been already nominated by me to the Chief of Engineer Regiment, Col. W. F. Saluses, for a 1st Lieutenancy in Corps of Engineer Regt., with what success I have not yet learned. Hoping that through your assistance he may obtain the position for which I know him to be so well fitted, I remain -

Very Respectfully

W. F. Foster

Miss Mildred Webb
602 West 9th Street
Austin, Texas

Austin,

Dear Miss Webb:

Reference is made to your letter of 13 July 1951 herewith returned.

The records show that William A. Banks, rank not shown, served as Acting Assistant Engineer, Confederate States Army. No record has been found of the date and place of his entry into service.

His name appears as signature on a voucher dated Wilmington, North Carolina, 21 April 1864, which shows he was paid by William H. James, Captain, Provisional Engineer, Confederate States Army, for services rendered as Acting Assistant Engineer, Department of Cape Fear, from 20 January 1864 to 20 April 1864. No record of him has been found.

Other
This collection of records is by no means complete, and failure to find the entire record of Confederate military service does not indicate necessarily that an individual did not serve at some period not covered by the records.

Sincerely yours,

3 Incls

I have already in a letter dated some weeks
ago cordially recommended for appointment in the
Proc Eng Corps. West Military Engineer B.R.
Blackford and explained the reason that he
ought to be sent on duty to this Dept.
Not having heard the result of his application
and learning from Mr Blackford that
it is accepted to make up the loss he has
so long commanded I wish to reiterate
the recommendation previously forwarded
and to urge that whether recommended or
not Mr Blackford may receive from the
Bureau such an appointment as will
put him in the line of the reg.

important duties as he is now engaged
and that he may be assigned to this duty
as there is urgent need of his services here

Dear Mr. Secretary of War

Sir,

Leut^t Lewis Blackford is an
excellent young man, an Engineer duty, but
has been employed in Engineer duty at this place
since it came on and has rendered valuable assistance
and is one of those who volunteer & went into the ranks
of the 11th Regt. I consider such men more numerous
than appears should be, given and recommend L. Blackford
for an appointment to the Engineer service of the
Confederate States. His previous education & skill as an
engineer qualify him eminently for the place.

Very respectfully

Yours truly

Henry M. Gibson

1st Regt.

6.

Having had personal knowledge of the
intelligence & efficiency of Mr Blackford
in the Engineer office at this point, I
am well satisfied the public interest
will be subserved by his appointment.

Dear Sir,

Will you excuse my
troubling you once more on my own affairs
when so many important public duties claim
your attention. I have not said one
word of my last application, nor even the
blame can not be known to be remissive. I
have been sick in bed ever since I left Richmond
and hence have not been able to finish the matter
at all. I wish to beg that you will let your
friend Capt. Lean in the way to get my letter
for reference to the Secretary. Would you
feel justified in endorsing my application (even if
from what you know of me personally and my
reputation, you would have another man
upon your officers, and oblige me.

Colonel -

I have heard

indirectly and unofficially that the Topog. files
parties were to be broken up and their members
turned over to the Conscription Office. The object
of this letter is to ask you if such is likely
to be the case, and whether any action has
been taken upon the letters of Gen. Widgins to
Capt. James requesting one commission in the
Engr. Corps. I need scarcely say how anxious
he is to be to me, after long
and faithful service since the very beginning
of the war to be deprived of his place, thus
all credit for his professional services & ex-
perience, and thrust into the ranks along with
strangers, raw & cowardly & would rather

Respectfully to call your attention again
to the letter and endorsements of the Com.
Officers of the Dept as proof of the satisfaction
our services have given here.

Capt. James is anxious that whether com-
missioned or not, I may be assigned to
him for duty - Can I not receive from the
Bureau an appointment as Militiam Capt
enough at least to protect me from this
humiliation? I remain, Colonel, very
Respectfull Yours - J. Blackford

BLESSING, P. V., Actg. 2d Lieut. Engr. Service.

- Dec. 26-May, 1863. P. V. Blessing signed papers as "Foreman of Laborers on Fortifications" at Grenada & Ft. Pemberton, Miss., and May-July, 1863, as Asst. Engr., Defenses of Vicksburg. (Pay-rolls, 12125, 14009, 12138, 12146, Report A.G.)
- May 21, 1863. Gen. Forney's A.A.G. mentions Engr. Officer, Lt. Blessing. (Vol. 52-2, p. 476.)
- May 19-July 4, 1863. Siege of Vicksburg. Gen. Pemberton, in his report, mentions Lieut. Blessing on duty with Maj. Lockett, Chief Engineer. (Vol. 24-1, p. 293.) Apparently on duty with Robert's Brigade, Forney's Div. Statement that he was killed during siege is, by later papers, proven error. (Vol. 24-1, p. 326.)
- Maj. Lockett, in his report, mentions Actg. 2d Lieut. Blessing, employed as Asst. Engr. (Vol. 24-2, p. 345.)
- Aug. 24, 1863. Signs, without rank, at Brandon, Miss. (Personal Papers.)
- Nov. 7, 1863. From Charleston, S.C., Maj. Gen. Gilmer writes to Lt. Col. Rives concerning appointments in the Engr. Troops, states that Mr. P. V. Blessing is well spoken of, but nothing can be done until further appointments are made. (Personal Papers of J. M. Hood.)
- Nov. 30, 1863. Signs receipt, without rank, at Meridian, Miss. (Personal Papers.)
- No record found of appointment to Engineer service. (Report A.G.)

Sir,

I have the honor
to inform you the action of the Presi-
dent an appointment made by him
and returned from South Ark. with

I applied for an Engineer Officer
and was informed that none could
be furnished. Capt. Buchanan is
thoroughly competent, and has
been actively engaged in that
capacity at Camps Clark and
Saraca, Tex. in constructing military
works.

I would most earnestly re-
quest that his appointment may be
confirmed - as his services are almost
indispensable.

I have the honor to be,
Very Respectfully,
Yours O. C.

as I can get a boat.

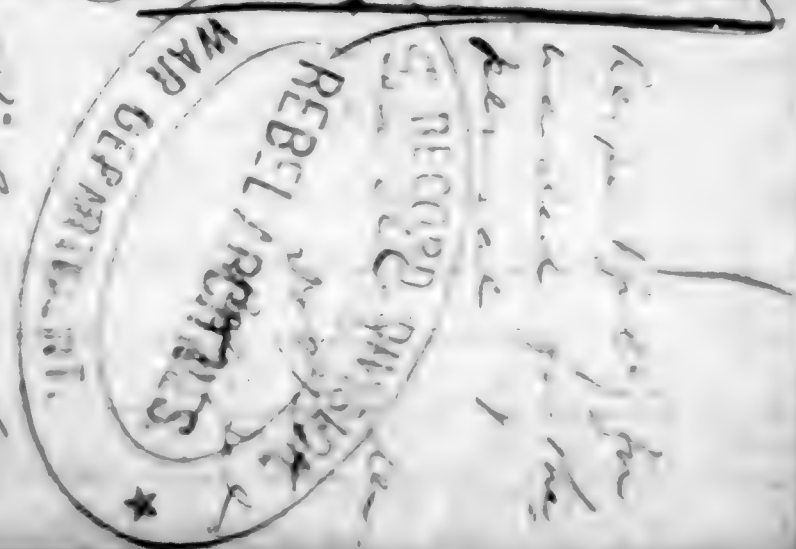

Another matter occurs to me just now - viz.
the proposed obstruction of the Channel opposite
Gallinipper point - This can be effected in two
ways, 1, by sinking the Steamer H. I. as propo-
sed by Capt. Bradbury - or by filling the chan-
nel with sand. The latter operation even to per-
haps be less expensive, at first sight, but
considering that the Government would have to
pay for the dredging of the channel after the war
it might be better to sink the Steamer which
can be more easily removed, and can be sunk
in less time than the filling up would require.
I leave the decision to you, and beg you to
excuse my hasty scribbling, as the mail is
about to leave.

In my letter transmitted to you by
Capt. Braabury I forgot to mention to you, that
having obtained all possible information about and
examined the waters of Matagorda Bay, I find
that the channel from Pass Cavallo to Palacios
designated in the inclosed sketch, has the greatest depth
of water, in fact, that any vessel, which can cross
the Bar, can come up within forty feet from the
shore at Palacios - I have been there myself
some years ago, and would call your attention to
that point, which is without protection, and would
afford the enemy an excellent landing place and
an open road to shorten distance 45 miles thence
to Richmond 85 miles - besides access to one of
the wealthiest Districts of the State - as will more
fully appear by reference to sketch &c
The place of landing at Palacios I believe can be
defended - I shall go there & look at it as soon

Captain,

I have the honor to acknowledge receipt of your approval of my request, to allow me the necessary time for settling & drawing up my accounts.

I have last evening arrived at this place from the mouth of the Guadalupe, where I was ordered by Lt. Col. A. M. Lea for the purpose of effectually obstructing the same. This has been done, but the exposure to wet & cold weather, while engaged in this work has brought upon me an affection of the throat, which threatens to become serious, unless soon relieved by medical treatment.

This may disable me for a time for duty requiring exposure, but will ^{not} I hope ~~not~~ interfere with the arrangement of my papers.

I found here instructions from Col. Salomon's Chief Engineer, ordering me to Columbus to take charge of the fortifying of that place, & have this day advised him of the bad state of my health and the permission from Headquarters, to settle & arrange my accounts, before commencing

Dear Sir

I desire to be considered
an applicant for the position of Lieutenant in the Engineer
Corps of the Army, as the late
act of Congress, I have already applied for a like
position in the Engineer Corps, which owing to the absence
of Genl. Palmer from the office, is still pending.
The testimonials and qualifications I respectfully refer
you to Col. A. A. Ashmun and Capt. W. T. Myers Chief Eng.

To the Hon
Gen Benjamin
Sig of War

Sir

Lieut Ross well
of the Engineers of the State of Va has
been serving under my Command
as chief Engineer of the works near
Williamsburg. He succeeded that
most accomplished & distinguished
officer Capt A S Rimes who prece-
ded them. Lieut Ross will
be out of Service until he receives
an appointment from the Confederate
States & though such an officer
would be most welcome to any Regiment
yet I think his Service as an En-
gineer should be secured to the
Army by conferring upon him a
suitable commission in the confe-
derate Army. I saw the Hon Secy
-Gen to recommend that he be appointed
a 1st Lieut of Artillery Cavalry or Infan-
try. I am in my respects fully

General,
If you be the agent
of Congress for organizing the Corps
of Engineers, a Lieutenant Major should
be appointed, as there are not enough
available. Officers who have been educa-
ted as Military Engineers, I respectfully
recommend that Capt. J. M. Bonnell
~~Provisional~~ Engineers be promoted.
He had been with me for more
than a year as my chief officer of
his Lake Tenet, and has rendered
such valuable service that I take
pleasure in recommending his ad-
vancement.

Very respectfully,
J. M. Bonnell

Ordering Capt Geo. Thacker
to make a careful exam-
ination of "Black Rock"
etc

Fort Leavenworth, Mo. 3rd March 1865

Captain C. M. H. of the March 1865

Capt. Geo. W. H. (Commanding Co. 1st Regt. Ill. Troop) will make a careful examination of "Black Rock" some miles below White Hall & ascertain if the material of which it is composed could be readily applied to obstructing Cape Run River at that point at the present stage of water. From the best information in my possession the river there is about 200 yds wide & the West Bluff about 40 ft high (above low water) & the bottom sand. Perhaps by blasting a large portion of the West bluff into the river at such a good foundation could be made for a platform on which further portions of the rock could be carried to extend the obstruction toward the center & left bank of the river. If this obstruction can be readily put in Gen. Hoke directs that it will be commenced at once & pushed forward with despatch -

1. The first part of the document is a list of names and dates, which appears to be a record of some kind. The names are written in a cursive script, and the dates are in a more formal, printed style. The list is organized into two columns, with names on the left and dates on the right. The names are: John Smith, James Brown, William Jones, and Thomas White. The dates are: 1810, 1811, 1812, and 1813. The list is followed by a signature, which appears to be "John Smith".

In a letter I rec from
Capt. W. Proctor Smith dated the 21st. He says that
you desire me to suggest some suitable person
for a commission in the Corps of Engineers of
the Prussian Army —

I have had in the employment of the Engineer
Department since the commencement of hostilities
in April 1861. Henry J Brown a good practical
Engineer. He has been constantly employed upon
the fortification of the sea coast, at Annapolis and
Benton. He is temperate & industrious and his
moral character is above suspicion. He was
a citizen of Newbury Mass, born there. He can
obtain the status of a Lieut of the Corps and
will be found active and energetic —

Opaula Ala Oct 4th 1863

Dear Sir:

My friend, George H. Brown, Esq. of this City, is an applicant for an appointment in the Ordnance Department. What particular position he desires, I do not know, as he is now absent in the army, and has not advised me - I can, however, certify to his qualifications for the position. He is a gentle, man of education, good morals and superior business qualifications and has seen some service in the army under the old Government of the United States. His appointment would be gratifying to his numerous friends in Alabama.

Respectfully Yours,
J. S. Shinton

Mr. Mc Nab,

~~Mr. Rhodes~~

I have been acquainted with Mr. George W. Brown for a number of years and can fully testify to his sober steady habits and business qualifications — He has sustained the character of a Competent Accountant & Book Keeper in which capacity he acted both for this Bank and other Institutions in this place having never changed except at his own instance as far as I know — I would mention that that Mr. Brown possesses much practical knowledge of general business in dealing with the public gives him advantages seldom met with for usefulness in any capacity he may be called to act in —

Yours with the Sub.

Englewood Ala Oct 1st 1863

From a long acquaintance with Mr Geo
H. Brown I take pleasure in testifying to
his excellent moral character, fine business
qualifications, and well cultivated mind.
All of which eminently fit him for the posi-
tion he seeks in the Army of the Confede-
rate States. Mr. Brown is to my knowledge
a good, downy & practical Civil Engineer.
I should be specially useful in any Department
of the service, requiring a knowledge of these
branches of science. He is also an expert
draughtsman, & appears to be well skilled
in the principles of drawing.

I feel no hesitancy in stating it as my
opinion that Mr Brown will make, if app-
ointed an efficient & valuable Officer.

Sir.

— Mr. H. H. Buchanan, who has, for some
time past, served in the Engineering Dept. of this Army, de-
sires an appointment as Captain of Engineers. I would
sincerely recommend his application to favorable considera-
tion. I have known him long and intimately, and will
speak for his ability, industry, perseverance, zeal,
fidelity, and for his high moral character. There is
no one within my knowledge who has higher claims
to such an appointment, whether qualifications, past
services, or character be considered the test.

I am very respy

Sir -

I enclose to you a letter from
Lt. H. Buchanan of the Eng. in this Army.
He wishes to obtain an appointment in
the Engineer Corps, and I would especially
recommend his claims for your consideration.
Mr. Buchanan has served in this Corps since
the commencement of the war, and is noted
for his fidelity and accuracy in the discharge
of duties assigned to him. Previous to the
war he has served as a Civil Engineer and
for eight years was Professor of Mathematics
Cumberland University, Lebanon Tennessee.
His appointment would secure to the Country
the services of a most valuable man, and
from his former services, education and
ability secure the position he solicits.

Very Respectfully,

John A. Cox, Capt.

Dear Sirs

War Department

Washington D.C.

May 11, 1863.

Gen. J. S. Gilmer.

Sir,

At the suggestion
of several of my friends in this
Department, I am induced to
apply for the position of
Captain in the Engineer Corps,
U. S. A.

I have served a long time
in the capacity of Staff Engineer.
While I was in that position
I had the opportunity to
have had some experience

9
judging of my
qualifications, in the position,
and with what facilities I
discharge the duties assigned
me.

For further information on
these points, I refer you to
the accompanying notes of
recommendation.

Should you deem this sufficient
testimony of my qualifications
for the position, may I hope you
may see fit to do for me
what I am so gratefully receiving.

Very respectfully,
J. H. Buchanan.

Dear Sir:

I beg leave to introduce to
your favorable consideration the Rev. J. L. Burrows.
He desires to get an office for his son, who is very
qualified to discharge the duties of a clerkship. He is
now a branded prisoner, and can't therefore enter
the army until he is discharged. He is desirous of
getting employment whilst he is on parole, with the
understanding that he expects again to enter the army so soon
as he can do so. I hope you may find it
compatible with your sense of duty to tender an appointment
to young Mr. Burrows.

I am, Sir,

Sir

St Louis, Mo. Sept 28

I would respectfully submit that upon the 1st day of August last I was captured by the enemy at Verdun while serving in the county of Senneba and subsequently paroled. Being therefore unable to enter the active service of the field and being confident that there are some duties towards the advancement of my country's cause which lie in my power I respectfully apply for a position in your department with whatever compensation may be deemed suitable to my disabilities. I would also respectfully refer to the fact that the B. H. H. of the 4th Ill. Inf. of the 1st Div. of the 1st Army Corps of the U. S. Army is now in the hands of the enemy.

Respectfully,

Richmond Va June 19th '52

To the Honorable

The Secy of the Treasury;

The subscriber, having through the fortunes of war, been captured by the enemy, and released upon his parole of honor, after a long and arduous campaign in the Mountains of Virginia through which he served without remuneration; and now being thrown upon his own resources, debarred the privilege of entering the ranks of his country's army, respectfully applies to you for an appointment in your Department. Assured that the appointment if granted would not conflict with the provisions of his parole he begs to remain
